Uncomplicated.

## MEET MISS JODI

My name is Jodi Sargent Newcomb, MA CCC/SLP. I'm more commonly called "Miss Jodi" by clients and families. I am the owner of Simply Speech. I have been a speech-language pathologist since I received my Master of Arts degree in 1999 from the Ohio State University. I completed my undergraduate work at Miami University of Ohio. My focus is and has always been helping children speak clearly and to express themselves to the fullest of their ability. I firmly believe what I do is no secret, and I happily share my professional knowledge with my families, so they may continue 'speech therapy' in the many hours away from our brief sessions. I enjoy collaborating with teachers and helping them integrate therapy 'tips and tricks' into their academic programs.

Although I am very proud of my profession and my business, my greatest accomplishment is being a parent. I have raised two sons through their early childhood years and remember fondly those experienced parents and professionals who recognized my children's special gifts and their individual needs. As well, I am thankful for those who understood the busy times, the forgetful times, the 'couldn't get it all done' times...and extended a helping hand.

Simply Speech. is here for you in that same way!

Uncomplicated.

## HERE TO HELP

### IS YOUR CHILD QUIET? HESITANT TO TALK? DIFFICULT TO UNDERSTAND?

All children learn and grow at their own special pace; however, there are times when development may fall outside the range of typical expectations. If you feel the clarity of your child's speaking or the complexity of their language is behind that of their peers, or something causes you to say "I wonder if...", speech and language therapy may be an option for your child.

### A SPEECH LANGUAGE PATHOLOGIST IN THE COMFORT OF YOUR HOME OR THE CONVENIENCE OF YOUR SCHOOL!

Simply Speech. will come to your home or partner with your child's school to provide the highest quality speech and language services during your child's school day.

### SERVICES

- consultation/screening
- initial evaluation with report
- therapy - 30 or 45 minute sessions
- weekly take-home practice
- written or verbal communication following each session
- open door policy with parent participation encouraged
- collaboration with classroom teachers for daily use of new skills

*\*please visit [www.simplyspeech.us](http://www.simplyspeech.us) for rate and payment information*

## HOW DO WE BEGIN?

First, speak with your child's classroom teacher or school director. Let them know you are concerned about your child's speech and language.

Next, contact Simply Speech. via phone **614-648-5634** or email [jodi@simplyspeech.us](mailto:jodi@simplyspeech.us) In your voice or email message, please include the following:

- your name
- your child's name and age
- your phone number
- the best time to return your call
- the name of your child's school
- a brief description of your concerns

Your request will be answered as soon as possible, and we can discuss your family's specific needs. Simply Speech. will work together with you to determine the best plan for your child and your family.
